

Hassan Serhan, Ph.D.
Distinguished Engineering Fellow
DePuy Synthes Spine

Co-Founder & Treasurer of the I.M.S. Society
Prestige Adjunct Professor

Bioengineering Dept. University of Toledo

Education:

B.Sc. Mechanical Engineering, Aleppo University.

MSc. Aerospace Engineering, SUNY at Buffalo, NY

Ph.D. Aerospace Engineering, SUNY at Buffalo, NY

Hassan Serhan is a Distinguished Engineering Fellow at DePuy Synthes - Spine and a Prestige Adjunct Professor at the Bioengineering Department at University of Toledo. Prior to his employment with AcroMed 1995 which was acquired by J&J in 1999, Hassan was a research assistant professor at both the Neurosurgery and Orthopedic surgery at the State University of New York at Buffalo where he received his Ph.D. in Mechanical Engineering.

Hassan is the co-founder and treasurer of the International Musculoskeletal Society (I.M.S.). He chaired the cadaveric workshops for the past nine year for the I.M.S annual meetings. He also served on the Scoliosis Research Society (SRS) Worldwide Conference and Historical Committees, North American Spine Society (NASS) fellows committee, International Society of Advancing Spine Surgery (ISASS) Industry Relations committee, Cervical Spine Research Society (CSRS) research committee and the chairman of the industrial advisory board for the NSF funded Center for Disruptive Musculoskeletal Innovations and the board of the Pan Arab Spine Society.

Hassan has been the recipient of many awards including, Scoliosis Research Society John Moe's award, ASTM F-4 MOSES award, King Khalid Gold and Silver Medals, J&J Medical Device Adware, for scientific excellence, SRS White Cloud award, Who's Who Among the Students in American University and Colleges. Hassan is a member of several societies including the SRS, NASS and ISASS.

Hassan has published more than 50 peer reviewed journal articles, 10 book chapters and more than 175 abstracts. He is also a reviewer for several national and international peer reviewed journals and has been invited as a guest lecturer by many universities and research institutes worldwide as a visiting professor and gave more than 100 invited lectures & grand rounds. Hassan is a prolific inventor with more than 150 patents and patent applications.
